SECTION – I

INFORMATION TO BIDDERS

Google Map and Google Cloud Translation API Services for BBMP.

INTRODUCTION

The Bruhat Bengaluru Mahanagara Palike (BBMP) is the municipal corporation responsible for the administration of the city of Bengaluru, Karnataka. BBMP is spread across 741 Sq.KM, with a population of approximately 13 million.

Within BBMP there are sub departments to administer the civic and infrastructural requirements. Accounts, Administration, Advertisement, Animal Husbandry, Education, Engineering, Estate, Finance, Forest, Health, Horticulture, IT, Lakes, Markets, Legal, Revenue, Town Planning, Solid Waste Management, Storm Water Drains.

Bruhat Bengaluru Mahanagara Palike (BBMP) has various online and offline processes to facilitate different civic services.

BBMP has now rolled out e-Aasthi system which is an innovative digital platform by the BBMP, designed to simplify property record management for Bengaluru's residents. E-Khata allows property owners to access, update, and verify their Katha records online, ensuring transparency, accuracy, and convenience. The portal provides secure access to essential property information, such as ownership details, property tax records, and transfer services, all from the comfort of your home. The system has been integrated with Kaveri 2.0 system, BESCOM and Aadhar e-KYC services to enhance the efficiency of the system. It also has provision to enable citizens to search and provide their property GPS details and also transliteration feature is enabled to convert the owner names from regional language to English for name matching. E-Khata is part of BBMP's initiative to reduce paperwork, enhance transparency, and improve efficiency in property administration, making property management easier for citizens. Citizens can Access their property records anytime, anywhere with E-Khata – which is a secure gateway to property information.

In addition, BBMP has also rolled out Property GPS app to perform a door-door survey which collects property details like GPS coordinates, usage, no of floors, photos etc., which in turn contributes to revision of property taxes of the properties.

This tender processed following the KTPP Act and Rules through Karnataka Public Portal of Govt of Karnataka. (https://kppp.karnataka.gov.in).

SECTION – II

SCOPE OF WORK

GIS Map and Cloud Translation is an integral part of e-Aasthi, Property tax, BBMP New Khatha and other systems of BBMP. Bidders are invited for providing GIS Map and Cloud Translation APIs for 2 years with payment terms on monthly basis as per the usage, meeting the following requirements:

1. GIS Map Requirements

1. Ready to use APIs that can be integrated with BBMP applications.
2. Map API services to be made available over Internet.
3. Geocoding and Reverse Geocoding API, Place location Search API with Autosuggest.
